

WheelPower

Anti-Doping Statement

Our Clean Sport Commitment

All sporting participants have the right to compete in Clean Sport.

WheelPower fully supports the UK Anti-Doping and World Anti-Doping Agency (WADA) position that cheating, including doping, in sport is fundamentally contrary to the spirit of sport, undermining the otherwise positive impact of sport on society.

To this end, WheelPower commits to support Clean Sport in the UK in the following ways:

- WheelPower supports the mission of UK Anti-Doping and WADA in achieving Clean Sport
- All athletes are expected to play, train and compete in line with the spirit of sport, including the anti-doping rules
- All coaches and athlete support personnel are expected to perform their role in line with the spirit of sport, including the anti-doping rules
- WheelPower is committed to supporting the prevention of doping behaviour in the UK in collaboration with other sporting bodies
- Employed and associated staff will not condone, assist or in any way support the use of prohibited substances and methods (unless permitted by a Therapeutic Use Exemption) in any aspects of their work
- All employed and associated staff will be expected to contact UK Anti-Doping should they become aware of an athlete or NGB member using or considering the usage of a prohibited substance or prohibited method. (This contact should be done in confidence on the dedicated confidential Report Doping in Sport line)
- WheelPower will uphold any sanctions placed upon an athlete by UK Anti-Doping or other associated body in accordance with the World Anti-Doping Code
- WheelPower, as a national disability sports organisation, will promote Clean Sport to those we introduce to sport through our programmes and work with our partner organisations to promote Clean Sport
- WheelPower is committed to Clean Sport and undertakes to work with UKAD wherever possible and appropriate to deliver anti-doping education
- Further details about UK Anti-Doping and WADA can be found at; www.ukad.org.uk & www.wada-ama.org/

Statement Review Date: This Statement will be reviewed no later than November 2019 or sooner in the event of legislative changes or revised policies and best practice.
